**BESKRIVELSE**

What makes qualitative research really worth doing? When do people feel most alive and energized in their research? *Research Alive* offers insight into the doing of qualitative research by focusing on stories of moments that are experienced as generative. A focus on generative moments illuminates what is life-giving, transformative and expansive both with regards to imagination of ideas and development of scholars in the process of doing research. The book offers a unique array of 40 stories from both new and established scholars.
