BESKRIVELSE

What's Your Problem? er målrettet elever i 8.-9. klasse: "My dad scrubbed the window of our newsagent's shop with hot water and bleach. The graffiti that was sprayed on it began to drip down the glass and the words became unreadable. The words had said: Paki Scum Go Home! We had been in this village near Nottingham for two months. Moved there from our nice house and our nice lives in good old Leicester. Moved away from our friends. Moved straight into hell."
